Darkness Micah J Daniel:

Divining the Woman of Endor J. Kabamba Kiboko, 2017-02-23 An examination of the language of divination in the Hebrew Bible particularly in 1 Samuel 28 3 25 the oft called Witch of Endor passage Kiboko contends that much of the vocabulary of divination in this passage and beyond has been mistranslated in authorized English and other translations used in Africa and in scholarly writings Kiboko argues that the woman of Endor is not a witch The woman of Endor is rather a diviner much like other ancient Near Eastern and modern African diviners She resists an inner biblical conquest theology and a monologic authoritarian view of divination to assist King Saul by various means including invoking the spirit of a departed person Samuel Kiboko carries out a Hebrew word study shaped by the theories of Mikhail M Bakhtin regarding the utterance heteroglossia and dialogism in order to understand the designative connotative emotive and associative meanings of the many divinatory terms in the Hebrew Bible She then examines 1 Samuel 28 and a number of prior translations thereof using the ideological framework of African feminist postcolonial biblical interpreters and translation theories to uncover the hidden ideology or transcript of these translations Finally using African contextual cultural hermeneutics and cross cultural translation theory Kiboko offers new English French and Kisanga translations of this passage that are both faithful to the original text and more appropriate to an inculturated liberation African Christian hermeneutic theology and praxis **THE**

DARK SIDE OF LEADERSHIP Dr Tessie Herbst, 2014 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been exclusively studied by leadership researchers to date the influence of spiritual forces in personality disorders which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions This book provides solid information and new insights for anyone seeking to understand the dark side of leadership **Eerdmans**

Harris, 2003 This text is the best-selling non-sectarian guide for students undertaking their first systematic study of the Bible and it is the only single volume text that gives both a comprehensive historical cultural background for the entire biblical era and a rigorous analysis of each individual work of the Old Testament Apocrypha and New Testament The purpose of the text is twofold to acquaint readers with the content and major themes of each biblical book and to familiarize them with important contemporary scholarship A new chapter on historically evolving concepts of God enhances the book's value in studying the history of Judaeo-Christian religion Chapter 1 has been extensively rewritten to more effectively introduce students to essential facts about the origins and growth of biblical literature and to the critical techniques scholars use to study it Pertinent new material has been added to every chapter giving more detailed examinations of biblical ideas and themes and the bibliographies have been updated
